going to nature

## Profile

My name is Shaohui, recently graduated from a Full Stack Web Development bootcamp, I'm able to build simple web apps both frontend side and backend side using Java Script and different libraries and frameworks, . I'm multilingual, have excellent communication skill, once I managed to collect more than 150 customer contacts within one afternoon in my previous job. I'm looking for an opportunity to grow full web development skills in an innovative environment.
